The map shows the city of Bytom with a blue dotted line indicating the route of two bus lines. The route starts near the airport, goes through the city center, and ends near the stadium. The bus lines are labeled 'Bytom Prusa' and 'Bytom Musialika'. The map also shows various landmarks, including the airport, city center, and various bus stops. The route is marked with a blue dotted line and red bus icons.

Situated in Piekary Śląskie, within the Upper Silesian metropolitan area, the project benefits from proximity to the region's extensive road network, including the A1 motorway and convenient connections to the A4 corridor. Its position within one of Poland's major industrial and logistics hubs supports efficient distribution across southern Poland and towards neighbouring European markets. The surrounding urban area also provides access to an established industrial ecosystem and a substantial labour market, supporting logistics, warehousing and manufacturing operations.
